Hi Julie,

Thank you so much for sharing the signed documents and confirming the census list.

For the list, may we confirm if employee, ERWIN HAYAG is for deletion effective renewal?
Based on the active list shared by insurer, he is active on their system but not part of the 2024 list you confirmed.

Also, may we have the remaining AMLA requirements below?

1. Notarized Secretary Certificate indicating the authorized signatory for contract in PH
2. Copy of ID of Authorized Signatory
3. Articles of Inc. and By Laws
4. SEC Certificate of Registration
5. SEC 2024/2025 General Information Sheet (GIS)

As advised by Grepalife, they require a signed CONFORME as attached for them to process the activation. May we request your assistance as well please to share the signed copy of the Conformance along with the renewal list on Monday June 9 so we can forward to insurer accordingly?

To confirm, the attached conformance is based on status benefits and premium (NO outpatient benefits).

Hi Jenny,

The outpatient benefits in green such as medical consultation, x-ray and lab test, prescribed medicines are not covered in your existing policy. Instead, covered under your in-house/self-insured benefits.

Under the option 1 proposal of Grepalife, they are also part of the coverage for your consideration if you opt to transfer the coverage from in-house to insured plan.

Thank you

Hi Jenny,

Good day.

Yes. We've shared the update from your incumbent insurer, GREPALIFE last May 2 that co-pay under their proposal for outpatient benefits is not applicable. They are unable to offer co-pay hence, reimbursement for dependents is same with employees which is 100% up to plan limit subject to negotiated fees.

Allow me to further discuss in our later.

Thank you
Sheila

Hi Julie,

Providing you response in green for the following inquiries:

When I look at the list Diana has her mother (parent) on there. On checking I don't see any claims from last year for her mother. Do you know anymore about this one? *MMB – Allow us to confirm with GrepaLife is said dependent has no claims incurred from last year up to date. Also, we'll request for the utilization summary for your reference and update you next once available*

In relation to children our policy states:

- *Unmarried and unemployed child of the Eligible Employee who is up to the age of 19 years, or 25 years for full time student in an institution of higher learning*

I see there are a number of children that would be at least 18 but under 25. Should I ask for evidence that they are studying? *MMB – based on the existing enrolment eligibility of Axalta PH for dependent children/siblings, coverage is from at least 14 days old up to 20 years old (from eldest to youngest, unmarried and unemployed). Please see snippet of eligibility provisions for easy reference*

1	Eligibility & Termination Age:	Eligibility	Termination
	GYRT	18-65 y/o	70 y/o
	H&S	18-64 y/o	65 y/o
	Dependents: H&S Coverage		
	Parents/Spouse	18-64 y/o	65 y/o
	Children/Siblings	14 days old-20 y/o	21 y/o
	Eligible Dependents (Subject to hierarchy):		
	Married Employee-spouse & children (unmarried and unemployed)		
	Single Employee-parents & siblings (unmarried and unemployed)		
	A Single Employee who marries within the Policy Year is advised to inform SLGFI for the changed of Status from Single to Married Employee.		
	Notes: No person may be considered to be a Dependent of more than one member.		
2	Upon attainment of age 66, the GYRT coverage shall be reduced by 50% with 100% premium rates. No increase in benefit shall be allowed henceforth.		
3	The participation of all eligible employees shall be required to install and maintain the plan. Strictly for office-based employees only.		

Also, you may be able to help me on something outside the policy! We have a benefit that states if any employee is hospitalized they can take up to 60 working days of paid Hospitalization leave. I can't see this is a government requirement but would you know or which government website is the best to get information from?

MMB: Since we are not the subject matter expert on this item, we may refer you to our GBM to connect you to our Mercer Career Team for proper handling. In the meantime for initial guide and reference, here are the PH government website that you can check depending on the medical leave to be taken by the employees.

Hi Julie, Jenny,

This is to provide you the advice from Grepalife on the following remaining items as follows:

a. For Option 1

- If all outpatient benefits (consultation, prescribed medicines and diagnostic will be a shared limit up to Php30,000 per year per member

MMB/Grepalife Update:

- Consultation and diagnostic procedures have separate limit of Php30,000 for employees while Php25,000 for dependents. This is not aggregate limit with prescribed medicines*
- Prescribed medicines has separate limit of Php20,000 per year. This is not aggregate limit with consultation and diagnostic*
- Grepalife is unable to quote for aggregate limit*

Please see attached updated proposal with updated and correct aggregate limit or outpatient benefit for dependents

- If the reimbursement will be 100% borne by GrepaLife and cannot apply a 10% participation for dependents following the existing arrangement

MMB/Grepalife Update: No 10% participation applied for dependents. Hence, 100% reimbursement subject to insurers' negotiated rates and plan limits

- GrepaLife's reimbursement process and TAT

MMB/Grepalife Update: Please see attached list of standard reimbursement requirements. Grepalife will process the evaluation and crediting of proceeds within 20 workings upon receipt of complete documents.

To discuss the above in detail, may we request your availability on Monday May 5 2PM? If not feasible, may we know your next availability instead?

Further, sharing you the next steps:

1. Submit the renewal confirmation including the final census/renewal list on or before week of 19 May 2025 – active list for easy reference on updating will be shared separately
2. Submit AMLA requirements
 - Accomplished KYC Form – must be signed by one of the authorized signatories
 - Notarized Secretary Certificate indicating the authorized signatory for contract in PH
 - Copy of ID of Authorized Signatory

Hi

We have a scheduled meeting with our PH employees today and we were planning to present the information regarding their benefits. It appears that now won't be possible which is disappointing as they have been waiting for an update for some time.

Can you please advise when we will have the information?

Thanks

Hi Sheila,

Thank you for your time.

We would like to clarify the below points:

- Amount of Cover – Php30,000 per employee and per dependent per year
(shared limit for OP medical, medicines and dental)

Can we adjust amount of cover so that the total amount for employees and dependents remains at Php30,000, which align with our existing guideline?

- No co-pay from employees. 100% will be borne by insurer – this will be enhancement

Does that mean there will be no co-pay from employees for IP?

For the OP and Dental plan, can we align with our existing guideline that the dependents pay 10% by themselves? And, are the numbers marked in yellow below the OP and Dental premiums for each person? Is the figure circled in blue the total annual premium? Thank you.

Hi Julie and Jenny,

Happy Monday. Thank you for our meeting a while ago.

In reference to our discussion, sharing with you the items discussed including the next steps as follows:

1. MMB ACTION ITEMS

- To follow up with incumbent insurer, SUNLIFE GREPA their renewal offer (indicative) and request them to submit this month of March
- To request for a separate/optional proposal to include the benefits below for Axalta's consideration – currently these benefits are being managed internally thru reimbursement

Option 1:

- Outpatient Availment including Medicines and Dental related provided with doctor's prescription – vi reimbursement
- Amount of Cover – Php30,000 per employee and per dependent per year (shared limit for OP medical, medicines and dental)
- No co-pay from employees. 100% will be borne by insurer – this will be enhancement

Option 2:

- Provide dental benefits – this is on top of Option 1, as applicable
-
- To request for an active list from insurer and share to Axalta for validation/updating . To date, there should be 9 employees already
 - To remove the siblings premium. Currently Axalta does not cover siblings
 - Request meeting schedule once the proposal from incumbent insurer is already available this March 2025

2. AXALTA ACTION ITEMS

- To update the active list to sent by MMB

3. OTHER ITEMS DISCUSSED

- As per incumbent insurer's advice, no claims availment from Axalta employees for the past 3 years. As confirmed by Axalta, employees are only utilizing their OP Medical benefits of P30,000 yearly
- In PH, there is a Diminution of Benefits Law. Hence, clients may consider referring to their corporate legal for guidance if any changes of benefits may perceived as reduction of coverage

Should there be items I missed, please let me know so I can include in my deliverables. In the meantime, we will proceed the above as agreed.

Allow me to provide you update from GREPA LIFE as when the will release their proposal **on week of March 17.**

Regards
Sheila

Hi Jenny,

It was a pleasure e-meeting you last week.

In reference to our discussion, sharing with you the updated slides we presented reflecting the initial current benefits of Axalta vs the MBM Benefit benchmarking.

Further, sharing with you the following updates of our next steps:

- Upon checking with our placement team, the current medical provider of Axalta PH, Grepa Life is one of our accredited providers. Hence, will proceed in informing the insurer of our broking appointment
- MMB will request the other information to Grepa Life for our review and revert to Axalta/Jenny for further clarification, as needed
- Other information shared by Axalta
 - a. Axalta's term life coverage is based on fixed amount of P100,000 as a rider to medical plan under Grepa Life
 - b. No existing Accidental Death Benefit
 - c. Under the existing medical plan,
 - Only inpatient benefits are covered – benefit design is indemnity/reimbursement
 - Outpatient and Dental benefits are being covered thru internal/in-house handling of Axalta
 - Annual Physical Exam is being handled by another APE vendor
 - d. Axalta has no local HR POC that handles the day to day admin/coordination of the employee benefits
- Given the current employee headcount, MMB may initially proposed for the SME package for Axalta's consideration aside from the current benefits

We'll be sharing with you the initial SME proposal within the week and schedule our discussion after Feb 10.

Thank you
Sheila
